**“NO EXCUSES 3”**

Hallett Motor Racing Circuit

Be a part of a new and unique event! The Kansas City BMW Club, and the Sunbelt BMW Club are joining forces to present the 3<sup>rd</sup> Annual Regional High-Performance Driver's Education school titled, “No Excuses 3.”

The school takes place September 10<sup>th</sup>-12<sup>th</sup>, 2010 at Hallett Motor Racing Circuit, just west of Tulsa, OK. Hallett has over 80 feet of elevation change and is considered technically difficult. It has wide, grassy run-off areas and zero concrete or Armco barriers! It is a perfect learning track and provides a challenge for more experienced students. The purpose of the event is to learn high performance driving techniques in a safe, controlled environment. Instructors will be provided for all students. Instructors, and Advanced Students with the Eventmaster's approval, will be given the opportunity to improve their skills on Friday, September 10<sup>th</sup> with Advanced Student and Instructor training/orientation.

BMW CCA driving schools are designed to teach drivers how to safely improve their driving abilities and explore their cars' capabilities. Students, using their own cars, get one-on-one instruction from experienced instructors. Our overriding emphasis is on safety, and safely learning how to control the car in emergency and higher performance conditions. The school is conducted on a paved, closed, and controlled course to minimize risk to persons and equipment. This is not a racing school, practice or preparation for racing, and it is not a timed, competitive event or speed contest. Even though we try to minimize risk, there is an inherent risk of damage to your car and injury to yourself. Please be certain that you are willing to accept this risk before registering for the school.
